

Description:

Avax plus Standard Stretch film is for automatic / medium pre stretch machines. Suitable for number of end users.

Application:

This is five layers stretch film that is used for wrapping.

PRODUCT PERFORMANCE

Measurable Attributes	Unit	Specification
Stretch film Roll weight	Kg	As per Customer's requirement
Thickness	Microns	12-35
Width	mm.	500-2000
Length	meter	300-6000
Standard Core weight	Kg	0.5-2 (As Per Customer's Requirement)

PRODUCT PERFORMANCE
